SUMMARY

Passionate full stack MERN developer specializing in clean, efficient code and engaging animations to enhance user experience. Always eager to learn and adapt to new technologies, with a focus on delivering high-quality, responsive, and visually appealing web applications in collaborative environments.

EXPERIENCE

Full stack Developer | XEAM Ventures | Mohali, India

July 2023 – November 2024

- Contributed to the official website of XEAM Ventures by adding animations, enhancing code clarity, and ensuring maintainability built on Next.js, Tailwind CSS.
- Updated the Herman-Padel project, built with TypeScript and Next.js, by developing a fully functional booking system for both frontend and backend using Stripe payment gateway, enabling users to select slots across available courts.
- Led the development of the VisualEZ project using React.js, tailwind CSS and Vite, where I designed the UI and integrated Google Drive uploading and Google Sheets API functionalities.
- Collaborated closely with team members to deliver high-quality products within deadlines, maintaining minimal errors and clean code.

PROJECTS

Book My Show Clone

Built using React.js, Node.js, Express.js, MongoDB, and TMDB API with Vite.

- A full-stack replica of the online ticket booking platform developed using React.js, Node.js, Express.js, and MongoDB, with Vite ensuring optimized performance.
- It includes user authentication and authorization, fetches real-time movie data from the TMDB API, and integrates Razorpay for secure and seamless online payments.
- The project is designed to provide an intuitive and responsive user experience while following best practices for scalability and maintainability.

Book Hive

Developed with Node.js, Express.js, MongoDB, React.js, and JWT.

- A school library management system built with Node.js, Express.js, MongoDB, and React.js, featuring JWT-based authentication for secure access and user role management.
- It enables efficient book organization and discovery by integrating external book-related APIs, allowing users to search, add, update, and manage book records easily.
- Designed with an intuitive user interface, the platform simplifies book tracking and enhances accessibility for students and librarians.

Tasky (TODO Manager)

Created with HTML, CSS, and JavaScript.

- A lightweight yet powerful task management application developed using HTML, CSS, and JavaScript, designed to help users create, update, and track their to-do lists effortlessly.
- With a clean and intuitive user interface, it enables users to stay organized, prioritize tasks, and improve productivity.
- The project focuses on simplicity and efficiency, ensuring a seamless user experience while maintaining responsiveness across different devices.

EDUCATION

B.Tech. in Electronics and communications Punjab Engineering College	June 2023 – GPA: 7.13
12th Grade SGGS Collegiate Public School, Chandigarh	March 2019 – Score: 76.4

SKILLS

Programming Languages: C++ | Python | Java | JavaScript (ES6+) | TypeScript

Frontend Development: React.js | Next.js | HTML5 | CSS3 | Redux | Context API | Tailwind CSS | Material-UI

Backend Development: Node.js | Express.js | RESTful APIs | Authentication (JWT | OAuth)

Database Management: MongoDB | Mongoose

Version Control and CI/CD: Git | GitHub | Vercel | Netlify

Other Skills: Payment Gateway Integration (Razorpay | Stripe) | Object-Oriented Programming (OOPs) | Data structures and Algorithms

ACHIEVEMENTS

NSS Club Volunteer:

Actively participated in community service initiatives, like Bachpan program, which aimed at providing basic education and life skills to children from underprivileged backgrounds. Additionally, contributed to raising awareness about child sexual assault prevention through campaigns and interactive sessions, emphasizing the importance of safety and empowerment for young children.

Pulse Polio Drive Volunteer:

Took part in public health campaigns in Chandigarh, working alongside healthcare professionals to ensure the smooth and effective execution of the Pulse Polio Immunization Drive. Assisted in door-to-door outreach efforts, educating families about the importance of polio vaccination and helping administer doses to children in both urban and rural areas.

Art and Photography Club Member:

Actively engaged in organizing and participating in art and photography competitions, promoting creative expression and artistic exploration. Played a role in event planning, logistics, and execution, enhancing event management and teamwork skills. Contributed to exhibitions and club activities that encouraged students to showcase their artistic talents.
